

Sun is shining bright in the sky,  
Perfect weather is outside!  
Running in Nature on the grass -  
It's the best forecast!  
No, it won't rain or snow!  
Green spring took over, you know!

Spring came to the yard,  
People went to guard.  
Rainy days receded,  
In the sky the sun speeded.  
Nice spring came –  
Go and smell it, it's a game!

Flowers are always blooming in the spring breeze.

Birds are chirping all day long.

Animals come out from hibernation.

Everyday day - I am having fun

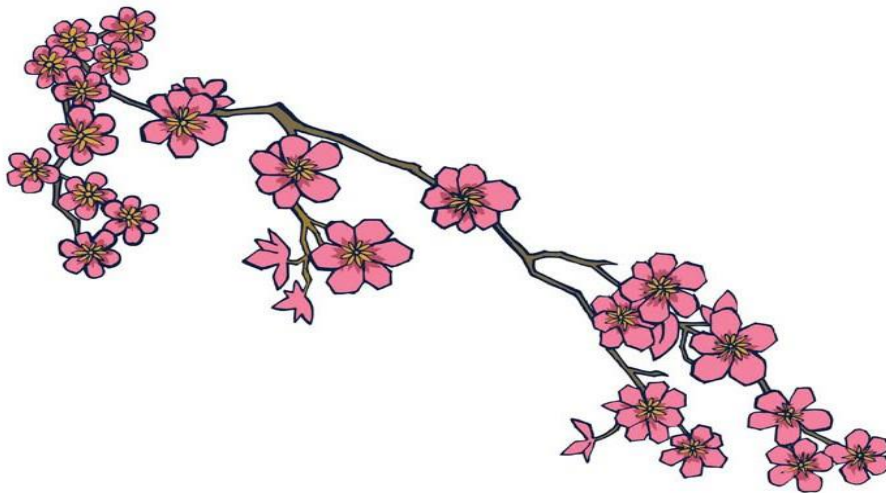

In the New fields.

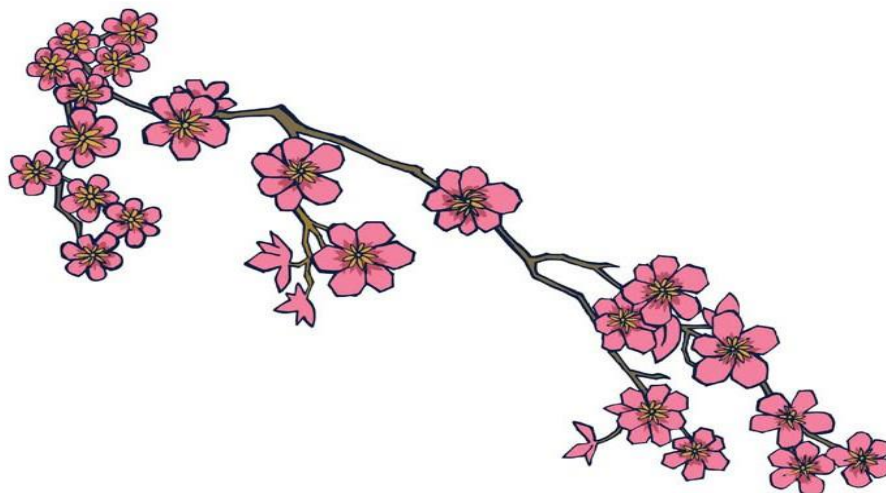

Spring is here!

Sun is warming up the Earth,  
Painters are waiting for the spring's birth.  
Rainy days came down -  
I am walking around the town.  
Now the days are warm,  
Great days have come!

Spring is  
Perfect and  
Romantic.

Flowers here, flowers there,  
Love to see them everywhere!  
On a porch or in the garden,  
We see them again and again!  
Each one special and pretty,  
Roses are my favourite, you see -  
Smelling them fills me with glee!

Spring and blooming flowers all around.

Playing light beams on the ground.

Raindrops on the daffodils are found.

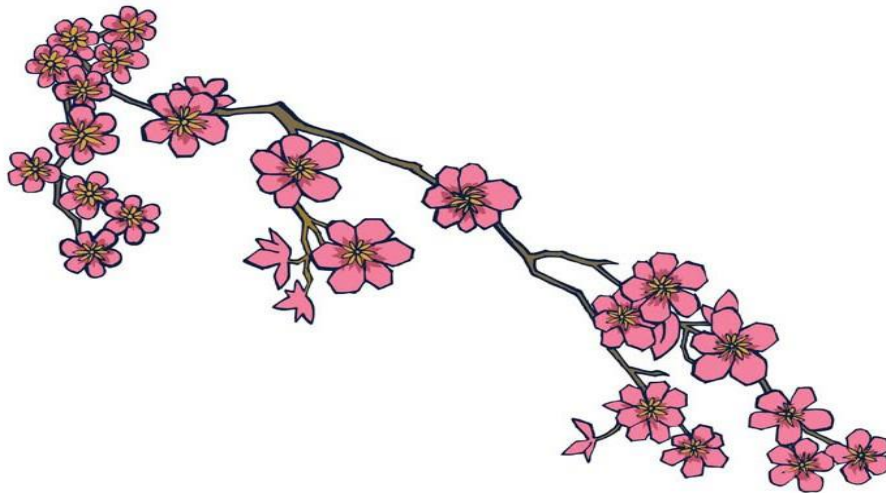

**In** the nature's battle spring has won.

Now new life is being born.

Go outside, explore and never be alone!
